Stephanie - In the RM 10.9 Sedimentology Report, on page 8 of 35, there is a reference to photos that are available on a CD not included in this report. Did you received these photos, or are they planning to send them? Or are they referencing Appendix H of the RM 10.9 report - which was a Photo Documentation CD which I did receive?

Stephanie:

Attached is the sedimentology report for the RM 10.9 characterization; the Delatares author provided the report to the CPG as a pdf file.

Please contact me if you have any questions or comments.
